Definitions: A household is **cost-burdened** if 30 percent or more (**moderately-burdened** if between 30 and 50 percent and **severely-burdened** if over 50 percent) of household income is spent on housing costs (i.e., gross rent, mortgage or other monthly owner costs).

Notes: The American Community Survey (ACS) is an ongoing national survey of more than 3.5 million households annually. Thus, the estimates produced by ACS are not exact because they are based on a sample and have a degree of uncertainty (sampling error). This profile has been created using these estimates. For more on definitions, sources and reliability, please see the **technical notes** document.
